Product Change Notice

Dear Valued Customer/Partner:

We are pleased to inform you that **MIL-SM2401M** will become an End-of-Life item and it will be replaced by a next Generation manageable switch **MIL-SM2401M-STK**.

MILAN Technology will officially supersede the following models:

MIL-SM2401MUS,
MIL-SM2401MUK,
MIL-SM2401MEU

Direct Replacement:

The **MIL-SM2401M-STK** managed switch will receive a new SNMP management capability. It will now include **Virtual stacking** capability. The virtual stacking capability will allow users to **virtually stack up to eight switches and manage them via a SINGLE IP**. This capability greatly simplifies management by offering a quick access to management monitoring and configuration. All other features that were featured on MIL-SM2401M are also available on the MIL-SM2401M-STK design.

All plug-in uplink cards such as MIL-M24-xxxx are compatible with MIL-SM2401M-STK slots.

Replacement Product Cross-Reference Matrix

Old Part Number	New Part Number
MIL-SM2401MUS	MIL-SM2401M-STKUS
MIL-SM2401MUK	MIL-SM2401M-STKUK
MIL-SM2401MEU	MIL-SM2401M-STKEU

MIL-SM2401M-STK is a direct functional replacement for the MIL-SM2401M switch. The pricing remains unchanged.

Final Orders:

MILAN Technology should receive final buy orders for the above models no later than **11-30-2005**. Acceptances of final orders are subject to product availability. Final orders shall not be subject to rotation, reschedule, cancellations, modifications or revisions. No price protection is offered on shipments after the date of this letter. All RMA requests, for products in your inventory at the date of this letter, must be made within thirty (30) days from the date of this letter. Therefore, it is imperative that you carefully review your requirements.

Closing:

In summary, the ability to stack up to eight switches and manage them via a single IP is the only change to the product. Please note that if you currently have open orders with above discontinued product that extend beyond the final ship date, the orders should be converted to the appropriate **Direct Replacement** products listed above.

Should you have any questions please contact your sales representative.

Sincerely,

Transition Networks & MILAN Management Team
