To whom it may concern:

The John S. McCain National Defense Authorization Act (NDAA) section 889 is a U.S. Federal law that prohibits the U.S. government from procuring video surveillance and telecommunication equipment or services from certain Chinese companies and their subsidiaries.

Transition Networks affirms that its entire portfolio of PoE switches is fully NDAA Section 889 compliant and that Transition Networks does not use any chipsets or components capable of processing software from banned Chinese companies referenced in the NDAA section 889.

Sincerely,

A handwritten signature in cursive script that reads "Stephen Anderson".
